All applicants must complete the residency form.

All applicants who meet requirements and standards will be considered equally for admission to any academic program, regardless of race, color, religion, gender, marital status, beliefs, age, national origin, sexual orientation or physical or mental disabilities.

A Florida resident for tuition purposes is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residency in Florida for at least 12 consecutive months preceding the first day of classes of the term for which Florida residency is sought. Residence in Florida must be as a bonafide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education.

To qualify as a Florida resident for tuition purposes, you must be a U.S. citizen, permanent resident alien or legal alien granted indefinite stay by the U.S. Citizenship and Immigration Services. Other persons not meeting the 12 month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature and the State Board of Education. All other persons are ineligible for classification as a Florida resident for tuition purposes.

Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents. Residence for tuition purposes requires the establishment of legal ties to the state of Florida. Students must verify that they have broken ties to other states if the student or, in the case for dependent students, his or her parent, has moved from another state.

Non-Florida Residents: I understand that I do not qualify as a Florida resident for tuition purposes for the term to which I have applied. I also understand that if I should qualify for Florida residency in some future term, I must file the required documentation prior to the beginning of that term.

Applicants for graduate study at the University of Florida are required to compute their college-level junior and senior year grade point average, unless your institution uses a non-traditional grading system. This GPA will be verified by the university. An accurate self-reported GPA will help to expedite the processing of your application.

Please use these guidelines:

- Junior and senior level study refers specifically to all coursework taken after the term during which you earned 60 semester hours or 90 quarter hours. Typically, these courses are taken in the third and fourth years of study. This coursework continues until you graduate with a baccalaureate degree.
- If you apply to graduate school before you have graduated, your calculation of grade point average (GPA) would continue up to but not include the current term of enrollment. The current term is considered a term in progress.
- This GPA calculation includes all coursework completed. Do not include courses that were dropped or courses that do not award letter grades (e.g., satisfactory / unsatisfactory grades). However, if you have repeated a course, both grades must be included.
- When the GPA is computed, the result is truncated after the first decimal place.

Converting quarter hours to semester hours:

- If all hours were earned at institutions using only quarter hours, you do not have to convert to semester hours but may use quarter system credit hours to complete the calculation.
- Do not combine quarter credit hours with semester credit hours; instead, convert quarter hours to semester hours using the following equations:

1 quarter hour = 2/3 semester hour **OR** 3 quarter hours = 2 semester hours

For example: 24 quarter hours x 2/3 = 16 semester hours.

Grades:

A = 4	B+ = 3.33	C+ = 2.33	D+ = 1.33	E = 0.0 (failing grade)
A- = 3.67	B = 3	C = 2	D = 1.0	I = 0.0 (incomplete)
	B- = 2.67	C- = 1.67	D- = 0.67
