General Information for Prospective Freshmen Students

Where can
you go when you
start at the top?

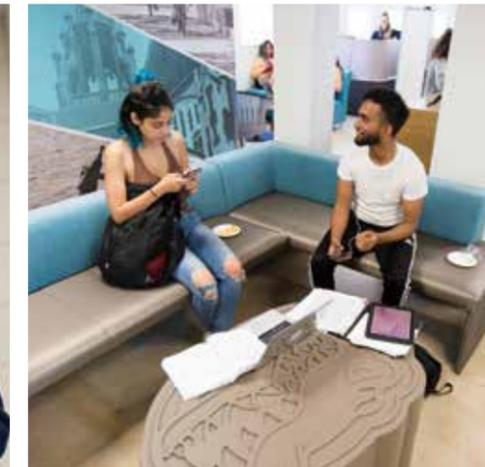

ANYWHERE.

UF is one of the **most respected universities** in the country, offering more majors on one campus than almost any other university in the nation. We are a great starting point - one of the best - for students who have ambitious aspirations.

FROM HERE, YOU CAN SEE THE FUTURE.

A DEGREE WITH

PRESTIGE AND VALUE

THE UF HONORS PROGRAM

Honors not only offers smaller classes taught by leading faculty members, but it also provides an array of special opportunities beyond the classroom that enable students to pursue their academic dreams. Honors Gators benefit from undergraduate research opportunities and unique internship programs. There's also an Honors living/learning community in Hume Hall on campus. honors.ufl.edu

INNOVATION ACADEMY

The Innovation Academy (IA) continues UF's legacy of ingenuity. Collaboration is at the heart of this unprecedented learning community. IA brings together students from more than 30 majors, leading to a convergence of original ideas centered on innovation, creativity, entrepreneurship, ethics and leadership.

IA students take courses in the spring and summer. In the fall, they can pursue study abroad programs, internships and other opportunities. innovationacademy.ufl.edu

PACE: COMBINING ONLINE AND RESIDENTIAL LEARNING

Pathway to Campus Enrollment, or PaCE, provides freshmen with the opportunity to start their UF degree online and then transition to campus in order to complete an undergraduate degree. Applicants are considered for PaCE through the regular freshman application. Only students who select a PaCE major on their UF application will be considered for PaCE.

With 60 majors in seven colleges, PaCE features our esteemed faculty and meets the same rigorous UF academic standards that students encounter on campus.

Students admitted to PaCE will complete a minimum of 15 credit hours and two semesters through UF Online. After completing a total of 60 credit hours and all prerequisite courses, students may request to transition to campus.

"The first step towards getting somewhere is to decide that you are not going to stay where you are."

Our international community is over **6,000 strong** and represents more than

150 COUNTRIES

Multicultural and Diversity Affairs provides services, support and educational opportunities to the UF community, empowering students and other individuals through multicultural education and programs. multicultural.ufl.edu

Students in UF's Machine Intelligence Lab are developing intelligent, autonomous robots. Our autonomous submarine and boat designs have won national and international competitions.

UF Study Abroad offers more than 100 destinations. ufic.ufl.edu

Our Institute for Food and Agricultural Studies has a global outreach in developing knowledge in agriculture, human and natural resources. UF is a leader in addressing global hunger and food security initiatives.

LEARNING WITHOUT BORDERS

THE UF INTERNATIONAL CENTER serves two purposes: championing the study of the world at UF and representing UF to the world via study abroad programs. Each year, UF sends more than 3,000 Global Gators to all parts of the world. You can stay on track with your degree progress and use your scholarships and financial aid while taking courses in another country. UF ranks in the top 20 of leading institutions sending students abroad. internationalcenter.ufl.edu

Ask financial aid questions or request additional information at

SFA.UFL.EDU/HELP

Student Financial Affairs is dedicated to helping students obtain financial resources so they may achieve their educational goals.

Although you must be accepted for enrollment at UF before you are considered for financial aid, you should apply for aid when submitting your admission application. To apply for financial aid, complete the Free Application for Federal Student Aid (FAFSA) at fafsa.gov starting **October 1, 2019**. Financial aid is awarded on a first-come, first-served basis, so students should apply as early as possible to be considered for the most and best aid.

UF's "on-time" deadline to receive the results of your 2020-21 FAFSA from the federal processor is December 15, 2019. Apply well before December 15 to ensure that the federal processor has time to analyze and send the results of your FAFSA to Student Financial Affairs (SFA). In order for SFA to consider you for a financial aid offer, you must be a degree-seeking admitted student and have met the "on-time" deadline. www.sfa.ufl.edu/prospective

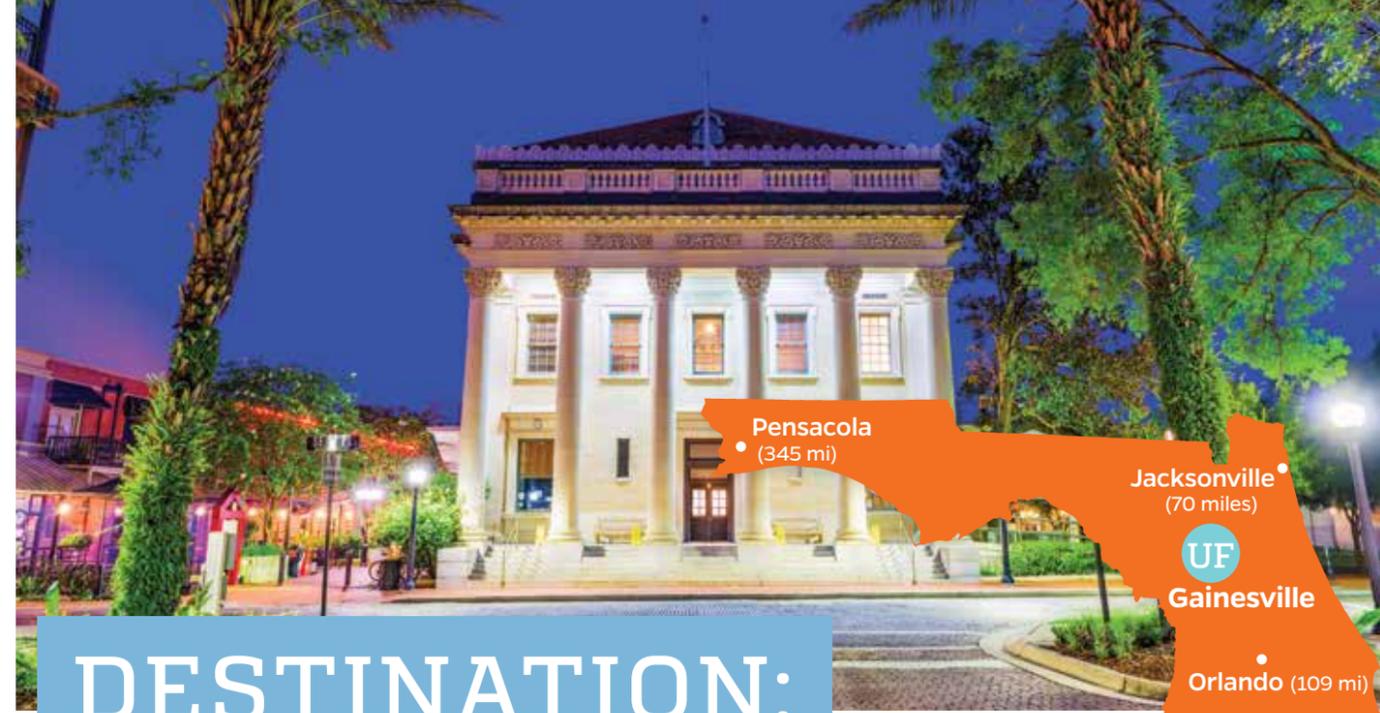

One or more of the four types of aid (grants, scholarships, part-time employment, loans) are usually offered to eligible students to make up their financial aid offer. By March 2020, admitted freshmen who have filed the 2020-21 FAFSA on-time will receive an official aid offer online at one.ufl.edu.

Florida Bright Futures and Other Scholarships

The Florida Bright Futures Scholarship Program, funded by the State of Florida, provides scholarships based on high school academic achievement. The program has different award levels, each with its own eligibility criteria and award amounts. Awards are per credit hour. www.sfa.ufl.edu/types-of-aid/bright-futures

The Machen Florida Opportunity Scholarship (MFOS) assists historically low-income, first-generation college students in meeting their college costs. Recipients receive a full grant and scholarship package to earn a bachelor's degree at UF. Potentially eligible students must complete a FAFSA and meet other requirements. www.sfa.ufl.edu/mfos

Other scholarships are awarded by various organizations, such as the university, the state, individual colleges and departments, and private entities. UF's Scholarship Search Engine is a searchable database of both college-awarded and private scholarships. www.sfa.ufl.edu/search
